

COAL CITY VILLAGE BOARD MEETING

**WEDNESDAY
MAY 11, 2016
7 P.M.**

**COAL CITY VILLAGE HALL
515 S. BROADWAY, COAL CITY, ILLINOIS**

AGENDA

1. Call meeting to order
2. Pledge of Allegiance
3. Approval of Minutes Public Hearing April 27, 2016
 Regular Meeting April 27, 2016
4. Warrant List
5. Public Comment
6. Letter of Request-PSO 5Krun/walk
7. Authorization for Mayor to Enter Into A Contract With Tria Architecture for Village Hall Interior Improvements
8. Approval to Begin Broadway Reconstruction Phase II Engineering RFQ

9. Approval to Begin Sidewalk Construction RFP
10. Approval of 6-22 Tornado Events
11. Report of Mayor
12. Report of Trustees:
 - T. Bradley
 - J. Wren
 - D. Togliatti
 - D. Greggain
 - R. Bradley
 - N. Nelson
13. Report of Village Clerk
14. Report of Village Engineer
15. Report of Chief of Police
16. Report of Village Administrator
17. Adjourn

To Whom it May Concern,

On May 22, 2016 the Coal City Parent Student Organization (PSO) will be hosting a 5k color fun run/walk. This event will start at 9:00 am at the Coal City High School. We are The Parent School Organization that was established in 1984. We are a non-profit volunteer organization that was developed to open the doors of communication between students, parents, and their schools. It provides financial assistance associated with educational programs and school activities for the students of Coal City District Schools. P.S.O. has purchased playground equipment, Smart boards, P.E. equipment, trophy cases, and numerous classrooms supplies for teachers. P.S.O. also provides support for families suffering financial hardships by providing money for the breakfast and lunch programs, P.E. clothes, and school supplies. We are asking for your assistance and approval for some street closures on the day of the event. Listed below is our route.

Coal City High School to Left on Carbon Hill Road

Left on Covey and Right on Hunter's Run following the curb to Marguerite St.

Right on Maple, Left to Mary

Left on Daisy Pl to Right on Coaler Dr. → w . oak St.

Right to Carbon Hill Rd then Right into the Coal City High School parking lot.

If you have any question please feel free to contact us at coalcitypsa@yahoo.com. We look forward to working with you to make this event memorable for our community.

Thank you in advance,

Erin Christopher-President

Stefanie Henline-Treasurer

Brook Young-Secretary

Village Administrator

MEETING

DATE: May 11, 2016

RE: VILLAGE HALL INTERIOR REPLACEMENT WORK

The Interior of the Village Hall has been in need of some replacement items for quite some time. The primary need for attention involved the window treatments and the carpeting that had outlived its useful life. Incorporating the assistance of a professional will ensure proper installation of the improvements and ensure they are made in a professional manner with professional taste rather than the taste of someone on staff at the time of the improvement.

This interior design project is the type of work Tria prides itself in being able to accomplish and they are aware of the budget constraints involved with public projects. The work to be accomplished will become the focus of Tria and require them to select materials, bid the project, and oversee the installation (as well as facilitate the install process).

The exterior public area will receive most of eth attention and then the office flooring will be replaced if budget allows. Attached is the contract from Tria Architecture to complete this type of work.

Recommendation:

Authorize Mayor Halliday to enter into a contract with Tria Architecture to complete interior renovations for Village Hall.

Re: Village of Coal City – Interior Renovations
Proposal for Professional Services

Dear Mr. Fritz:

It was a pleasure talking with you about your design needs. We thank you for the opportunity to work with you. We have reviewed the project and understand the scope of services. We feel that our experience with similar projects and our dedication to exceptional design and service will blend in perfectly with this project. We have described our scope of services below.

PROJECT UNDERSTANDING:

- I. Tria Architecture (Tria) will complete all Architectural Design services for you (Owner), as described herein. This proposal is based on the following key components:
 - A. Design of floor finishes and window treatments within the Board Room and adjacent Lobby as follows:
 1. Design the new carpet floor finishes in the Board Room and adjacent Lobby.
 2. Design the new carpet floor finishes in the remainder of the facility as an alternate bid for future bidding.
 3. Design the new window treatments in the Board Room and adjacent Lobby
 4. Coordination of these elements with existing paint colors in the spaces
 5. Design new paint colors if the existing colors are difficult to coordinate with as an alternate bid
 - B. No renovations of accessibility or design of any remaining elements of the space are included in this proposal.
 - C. All additional designs or design modifications requested by the Owner or Authorities Having Jurisdiction will be completed on a Time and Material basis above and beyond this proposal, including travel.

DESIGN SERVICES:

- I. The Owner shall provide a hard copy, or preferably, an electronic (AutoCAD) copy of the existing facility (also showing all utility locations, M.E.P., FP. equipment details and sizes), if available.
 - A. All building covenants, rules and regulations regarding our scope of services are to be provided to Tria prior to the start of design.
- II. Tria will generally field verify all relevant existing conditions for the renovation areas only. No field verification of the remainder of the facility is included in this proposal.
- III. Tria will meet with the Owner to determine up to one (1) preliminary finish plan for the spaces based on the Owner's program requirements. We will provide one (1) round of revisions before proceeding to Design Development and Construction Documentation.
- IV. No Mechanical, Electrical, Plumbing, Fire Protection, Structural or Civil (M.E.P.FP.S.C.) design services are included in this proposal.
- V. No value engineering services are included in this proposal.
- VI. Because of the undetermined length and amount of additional meetings the Owner may request, Tria will prepare any presentation materials required and attend any other meetings requested by the Owner, on a Time-and-Material basis above and beyond this proposal, including travel.

BIDDING PHASE SERVICES:

- I. If approved, Tria will assist the Owner with all bidding(requests for proposal), Requests for Information (RFI's), negotiation and evaluation of the final contractor.
- II. No AIA Owner-Contractor contracts will be used for this project..
- III. Tria will receive and review proposals on the Owner's behalf and make a recommendation for award.

CONSTRUCTION OBSERVATION PHASE SERVICES:

- I. If approved, Tria will assist the Owner with construction observation, shop drawing review and construction administration (tracking change orders and reviewing pay requests).
 - A. The Owner will be responsible for processing waivers and payments.
- II. Construction Observation will include three (3) field visits/meetings, one punch list, and one (1) punch-list verification.
 - A. Because of the undetermined length and amount of additional meetings the Owner may request, Tria will prepare any presentation materials required and attend any other meetings requested by the Owner, on a Time-and-Material basis above and beyond this proposal, including travel.

TERMS AND CONDITIONS

- I. If Tria Architecture, Inc. is requested to perform any onsite visits during construction, the Owner or Contractor will obtain General Liability Insurance during construction and name Tria Architecture, Inc. as additional insured.
- II. The Owner will be responsible for all material, printing and distribution costs of progress printings, presentations, office drawings and bid documents. These will be provided through Tria Architecture, Inc. as a reimbursable expense.
- III. Tria Architecture, Inc. shall not be liable or responsible for the quality of materials, equipment and fixtures used, nor the quality of workmanship on the project.
- IV. The Owner will provide proportional monthly progress payments throughout the project and final payment upon completion of Tria Architecture's services for that phase.
- V. If any payment is not paid by the Owner when due, the unpaid balance shall accrue interest at one and one-half percent (1.5%), or the maximum legal rate, per month until paid.
- VI. Tria Architecture, Inc. reserves the right to cease all services until prompt payment of all outstanding invoices. In the event any portion of an account remains unpaid 120 days after the billing, Tria Architecture, Inc. may institute collection action and the Owner shall pay all costs of collection, including reasonable attorney fees.
- VII. Payment of invoices is in no case subject to unilateral discounting, back-charges, or set-offs by the Owner, and payment is due regardless of suspension or termination of this agreement by either party. Time allotted for permit revisions are deemed inconsequential to the whole project, therefore no portion of the fee will be credited if the project does not go through the permit process.
- VIII. This proposal is valid for a period of 45 days. After that period, Tria Architecture, Inc. will provide a revised proposal for any services.
- IX. If the services covered by this proposal have not been completed within 6 months of the date hereof through no fault of Tria Architecture, Inc., the amounts of compensation, rates and multiples set forth herein shall be equitably adjusted.
- X. All designs are the property of Tria Architecture, Inc. and are not to be used for any project without the expressed written consent of Tria Architecture. The Owner will allow Tria Architecture, Inc. full access to the site and project to be photographed for use in marketing material. The Owner will provide a copy of the final approved permit set to Tria Architecture, Inc.
- XI. To the fullest extent permitted by law, and notwithstanding any other provisions of this agreement, the total liability, in the aggregate, of Tria Architecture, Inc. and Tria Architecture, Inc.'s officers, directors, partners, employees, agents, and subconsultants, and any of them, to the Owner and anyone claiming by, through or under the Owner, for any and all claims, losses, costs or damages of any nature whatsoever arising out of, resulting from or in any way related to the Project or Agreement from any cause or causes, including, but not limited to the negligence, professional errors and omissions, strict liability, breach of contract or warranty, expressed or implied, of Tria Architecture, Inc. and Tria Architecture, Inc.'s officers, directors, partners, employees, agents, and subconsultants, or any of them, shall not exceed the amount of Tria Architecture's net fee received at the time of the claim.
- XII. The Architect and Owner waive consequential damages for claims, disputes or other matters in question arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination in accordance with AIA B101 (2007 edition) - Article 9.
- XIII. Hourly rates are subject to change at the beginning of every calendar year.
- XIV. Tria Architecture, Inc. reserves the right to renegotiate the fee should changes in the scope of services occur.
- XV. All reimbursables will be forwarded with a 1.1 multiplier factor.
- XVI. All additional services will proceed only on a verbal or written "as directed" basis from the Owner.
- XVII. Tria Architecture will not be held responsible for identifying and/or investigating any existing hazardous conditions or materials on site.

MEMO

TO: Mayor Halliday and the Board of Trustees

FROM: Matthew T. Fritz
Village Administrator

MEETING

DATE: May 11, 2016

RE: BROADWAY RECONSTRUCTION, PHASE TWO SELECTION OF ENGINEER

The Village of Coal City has the first phase of Broadway reconstruction slated for construction in 2018. In order to stay on target with its construction schedule, the Board must issue a Request for Qualifications (RFQ) from engineers to compete for the Phase Two portion of design for these improvements. Phase One was completed with local funds and approved by IDOT on April 20, 2015. Phase Two engineering can utilize the available federal funding for its completion; however, engineering selection must undergo the RFQ selection process in order to receive matching federal funds. The area contemplated for construction would be Broadway from Division south to the BNSF railroad crossing.

Coal City participates in the transportation improvement plan managed by Will County Governmental League (WCGL) to access federal support for these large construction projects. Recently, WCGL increased its federal funding matching portion not-to-exceed \$4.5 million per project; this maximum coincided with some project upgrades on Broadway that would improve pedestrian access and replace the current street lighting that must be replaced when total construction occurs. WCGL has not made a final decision on its project upgrades (i.e. increasing federal funding from \$2 million up to \$4.5 million), but it is necessary to begin the engineer selection process in order to keep with the proposed construction schedule. A decision regarding the total project scope is expected within the next few weeks. The project increase request as well as the preliminary schedule has been attached.

Review of the engineering proposals shall need to undergo the review of an ad hoc committee much like the process for the selection of past professional service contracts. The total cost of Phase Two engineering depends upon the cost of construction – it is currently estimated at \$653,205. The Village has been requesting assistance from the State of Illinois with the local match for this reconstruction project, but dollars have been set aside to keep the process on track regardless of state participation.

The schedule for the engineer selection begins with public advertisements running as soon as May 18, 2016 and requesting submissions from responsive firms by July 1, 2016. Interviews will be conducted during July attempting to select a firm at the Board's Regular Board Meeting of July 20, 2016.

Recommendation:

Begin the selection of an engineering firm to complete Phase Two for the Broadway Reconstruction project.

STP Project Update

Municipality: Village of Coal City
Project Location: Broadway Street (FAS 288) – Spring Road to IL Route 113 (FAS 301)

RE: BROADWAY STREET STP PROJECT #12-09-0089

Dear Mr. Klemens:

The Village of Coal City has a current STP project with the WCGL for Broadway Street, programed for a 2017 letting. At the time of the application in 2014, the maximum STP funding level was set at \$2 million. The Village's approved Phase 1 anticipates a total cost of nearly \$5.4 million, including design and construction engineering (see attached). The total scope of the project was limited due to the costs identified in the Phase 1 Engineering Design; additional drainage and pedestrian access improvements are contemplated and will be included within the Phase 2 portion. Due to the WCGL funding cap standards having been changed, the funding for the first construction portion is expected to increase towards a total project size of \$5,387,700.

At this time, the Village desires to complete the northerly construction phase with increased drainage improvements and providing improved pedestrian access. Please consider an increase to the approved project funding. A breakdown of the entire project costs is listed below. Note that the Village proposes to include design engineering with the funding increase.

	Total	Federal
Phase 1	(complete)	WCGL does not fund
Phase 2	\$ 653,205	\$ 290,280
Right-of-Way*	\$ 58,000	WCGL does not fund
<u>Construction</u>	<u>\$4,876,495</u>	<u>\$4,179,880</u>
Total	\$5,587,700	\$4,470,160

* - *Temporary construction easements are anticipated*

Please do not hesitate to contact me with any questions or if any additional information is needed.

Sincerely,

Matthew T. Fritz
Village Administrator

MEMO

TO: Mayor Halliday and the Board of Trustees

FROM: Matthew T. Fritz
Village Administrator

MEETING

DATE: May 11, 2016

RE: 2016 SIDEWALK MAINTENANCE BID

The Village completes multiple sidewalk construction jobs throughout the year due to participating in 50/50 program sponsorship and needing to replace some the worst sections of sidewalk throughout the Village each year. When possible, the village attempts to extend its low bid contract for multiple years in order to keep a low price on this commodity. The last time this contract was awarded was September 29, 2014 (cost per square foot was \$4.10). This price is no longer feasible for the contractor to maintain.

This, in order to have a contract price and allow work to be complete throughout the construction year, an announcement to allow sidewalk bidders to compete shall be made. This is not a complicated bid and can be completed so as to allow the Board to select a responsive bidder at a meeting in June. This will include the work to be completed by this summer's Safe Route to School Project.

Recommendation:

Begin the selection of a sidewalk construction contractor to complete Public Works project for 2016.

TO: Mayor Halliday and the Board of Trustees

FROM: Matthew T. Fritz
Village Administrator

MEETING

DATE: May 11, 2016

RE: 6-22 TORNADO COMMEMORATION

The one-year anniversary of last year's tornado is quickly approaching this summer. Many groups, including the Long Term Recovery Committee (LTRC) have lent their time and talent towards the recovery of the community in the wake of this devastating disaster. Coming off of the very successful Arbor Day event with corporate sponsor ComEd and local partner Spring Grove Nursery and due to the continued effort of the New Hope Presbyterian Church leadership and congregation, June looks to be a very busy month for the community.

This upcoming June 22nd will be a Wednesday. Trustee Dan Greggain has been working with other businesses within the community to create a plaque commemorating the one-year mark to be dedicated and officially installed on the evening June 22, 2016 in Campbell Memorial Park. This will come after two weekends of other events to remember a major event that renewed what many residents had already come to know about the Coal City community – it is Coalier strong and relies upon itself to recover from whatever troubles befall the community or its families.

Prior to the June 22nd dedication of the community plaque will be a Community Caring weekend for the days of June 11th & 12th followed by Coal City's largest Block Party on June 18th. Reverend Mark Hughey of New Hope has volunteered to coordinate the many tasks that remain throughout the community for the June 11th weekend for any organizations that would like to participate. On Community Caring weekend, a notice will go out to the many organizations asking if people would like to participate at the time of their choosing to walk fields that remain with debris or can coordinate assistance for tasks of homeowners in need. The New Hope Church has been facilitating volunteer relief throughout the year matching work orders to available relief agencies; they shall do the same in preparation for that weekend as well.

On June 18th, a central activity within the downtown area is the Annual Car Show. In addition to this, the Village would sponsor Coal City's largest Block Party and allow home owners to pull free Block Party permits for Saturday, June 18th from 4:00pm until 10:00pm. Such a celebration would allow families and friends to invite their extended family back to their house a year after the 6-22 Tornado to check out the progress, reminisce, and celebrate the return of summer. All of Coal City came together a year ago; a block party will allow each neighborhood to celebrate as it sees fit. Those who were not in the direct path were very involved as well. This will be a chance for these neighbors to come together as well.

The aforementioned is a summary of the proposed plan. If the Board would like to alter or add to the plan, this is the appropriate time. Otherwise, the village staff and involved agencies and groups will set forth in this manner.

Recommendation:

Approve the One Year Commemoration Plan for the 6-22 Tornado.

Building Department Permits - Tornado Related

Coal City Police Department
Weekly Summary of Activities
Thursday 04-14-16 – Wednesday 04-20-16

During this period, there were 60 calls for service, 20 verbal warnings and 3 assist Grundy County Sheriff's Dept.

Significant Incidents

04-14-16 at 4:28 PM, police responded to a W. Maple St. residence for a civil matter. The 24 year old complainant stated his father kicked him out of his house last night and now will not allow him back into the residence to get his clothing or wallet. Police were able to resolve this incident when he was allowed to retrieve his belongings.

04-18-16 at 4:16 PM, Police responded to an E. Division St. residence for a theft report. The complainant stated he allowed his ex to spend the night last night and upon returning home from work his 52" flat screen TV was missing. After speaking with a neighbor who saw his ex struggling with a large item inside the back seat of a vehicle; however the item was already inside the vehicle when she looked out the window. She was able to provide police with the names of 2 females with her; attempts to contact her resulted in negative results.

Arrest Summary

No Valid D.L.	2
Operating an Uninsured Motor Vehicle	3
Public Intoxication	1
