**MEMO**

**TO:** Mayor Halliday and the Board of Trustees

**FROM:** Matthew T. Fritz,  
Village Administrator

**MEETING**

**DATE:** June 14, 2017

**RE: AMENDMENT TO THE IGA FOR ELECTRICAL AGGREGATION**

A majority of the residents' within the Village of Coal City have enjoyed the long-term savings that have come through the electrical aggregation effort that allowed the Village to go to the electrical market with the aggregate amount of the entire power supply needed within qualifying (mainly residential) units throughout the community. In order to ensure a greater quantity of power and secure the lowest pricing, Coal City joined a collaborative effort with other communities via the Will County Governmental League (WCGL) in order to go to the market and receive pricing.

The original contract to be provided electrical supply expires this fall and the consortium of communities will collectively acquire better pricing for its residents if Coal City, as well as others, extends its participation and decides to be part of the bid again.

This evening's ordinance allows the Village of Coal City to amend its existing intergovernmental agreement in order to allow WCGL to facilitate another bid and deliver aggregate power supply pricing for which the communities can determine if they shall participate (collectively). This will be done similar to the first contract except this time a locked-in "savings versus ComEd" price will be requested as well.

It is necessary to adopt this ordinance in order to provide the authority to continue to be part of this collaborative effort.

**Recommendation:**

Adopt Ordinance No. \_\_\_\_\_: Authorizing the Mayor to enter into an Amendment regarding the Intergovernmental Agreement for Electrical Aggregation.
