**RE: COLLATERAL FOR HOFFMAN TRANSPORTATION PUD  
INDUSTRIAL DEVELOPMENT**

The Village approved an industrial PUD to allow Hoffman Transportation to locate a new 413,000 square ft. industrial building as well as multiple rail sidings alongside the Union Pacific east of Broadway along the north side of Reed Rd. While the mass grading began in earnest while the remainder of the building plans were being submitted and reviewed, no work has taken place on the underground offsite and onsite improvements.

The developer of the property, Mr. Kevin Hoffman, would like to post the collateral for these public improvements as soon as possible. The Village's Ordinance requires 110% of the public improvements to be posted either as a bond or letter of credit. Mr. Hoffman would like to simply transfer the full 110% value as a payment directly to the Village of Coal City to be held until that time the Village Engineer recommends its release. Due to this unorthodox approach to the means by which the collateral is to be provided, an agreement is to be drafted spelling out the understanding as to how the money is to be used and how it shall be reduced.

This shall not transfer the projects to the Village; these remain private improvements. However, if the subcontractor desires a payment, Mr. Hoffman will instruct the amount to be released and it shall be released to Mr. Hoffman after the Village Engineer approves the reduction in the total amount of collateral. This is similar to some past agreements by which the Village took different types of collateral for smaller improvements. Due to the scope and size of this project, this approach is only to be considered if the sum of necessary collateral is delivered and held by the Village; that requirement is currently contained within the proposed agreement.

The Attorneys shall be reviewing the final up and through Wednesday; the final form will most likely be provided at the Board meeting. Attached was the latest public improvements submitted to Ryan Hansen. These are mostly the required improvements, but a some of the storm work is to be added to drive the total amount up some additional dollars. As this information is available, it will be distributed, but the developer would like to begin underground construction prior to week's end.

#### **Recommendation:**

Accept the form of collateral for public improvements to Hoffman Transportation Industrial Park and authorize Mayor Halliday to enter into an agreement with Hoffman Transportation.

**RE: PROVIDING FOR AN ADDITIONAL LIQUOR LICENSE AT THE NEW RESTAURANT AT 605 S. BROADWAY**

The newest restaurant owners who wish to open El Patron at the former La Cocina locations, located at 605 S. Broadway plan on opening within a few weeks and have applied for a liquor license. Due to the Village's Liquor Licensing requirements, the former license that had been held at the location shall go dormant and a new one will need to be added.

The ownership of the building has not changed allowing the current zoning conditional use to live one; no changes have been requested. Currently, within the Village Code, the licenses available for Class C read as 5 available license. Due to the closure of Taste of Mexico and La Cocina, this has automatically been reduced to 3 and is to be amended to 4 total licenses to allow El Patron to operate.

Signature on an adopted ordinance can await the liquor license background check. However, the restaurant operators have requested the Village Board make an additional license as soon as possible due to the filings necessary, which require the local licensing to be in progress, prior to being able to gain the required State License as well.

**Recommendation:**

Adopt Ordinance No. \_\_\_\_\_: Amending the Liquor Code and Allowing an Additional Class C Liquor License.

**RE: VARIANCE FOR FENCE LOCATED WITHIN THE CORNER SIDE  
YARD AT 170 W. FIRST STREET**

The owners of the house at the northwest corner of DeWitt & First Street would like to construct a fence within their corner side yard. This must be considered via a variance due to its location. The Planning & Zoning Board heard this matter at a public hearing on October 2<sup>nd</sup>. The P&Z Board unanimously recommended approval of the variance request. Instead of the required 25' setback, the Thompsons shall be allowed to have a minimal setback of 8' form the edge of their property line.

If you pass by their property, this fence will be located on the east side of their house, behind the house and will be located just inside the bushes; the existing bushes will still be visible from the street.

**Recommendation:**

Adopt Ordinance No. \_\_\_\_\_: Granting a Variance to allow for the Construction of a Fence within the Corner Side Yard.

ORDINANCE NO. \_\_\_\_\_

**AN ORDINANCE GRANTING A VARIANCE TO THE ZONING CODE FOR THE LOCATION OF A FENCE WITHIN THE CORNER SIDE YARD OF 170 WEST FIRST STREET IN THE VILLAGE OF COAL CITY**

**WHEREAS**, an application for variance from Section 156.171 of the Village of Coal City Zoning Code (“Zoning Code”) was filed by David & Carla Thompson (“applicant”) on September 11, 2017 for the placement of a 6 feet high fence; and

**WHEREAS**, Section 156.171(a)(2) states, “Fences shall be permitted in the rear or interior side yard...”; and

**WHEREAS**, a public hearing was noticed and duly held on October 2, 2017; and

**WHEREAS**, the Village of Coal City Planning and Zoning Board met on October 2, 2017, and considered passage of the variance request to the Board of Trustees; and

**WHEREAS**, Section 156.250 permits the Village Board to approve variations from the Zoning Code; and

**WHEREAS**, the Village Board of Trustees and the President of the Village of Coal City believe it is in the best interests of the Village to grant the requested variances.

**NOW THEREFORE, BE IT ORDAINED** by the President and Board of Trustees of the Village of Coal City, Grundy and Will Counties, Illinois, as follows:

**Section 1.** Recitals. The foregoing recitals shall be and are hereby incorporated into and made a part of this Ordinance as if fully set forth in this Section 1.

**Section 2.** Findings of Fact. The Board of Trustees find as follows:

- A. **Special Circumstances Not Found Elsewhere.** The property is a corner lot and has a great deal of the open recreational area of the property contained within the corner side yard unlike a majority of the residential lots within the area.
- B. **Unnecessary Hardship.** Being unable to utilize such a large portion of the residential lot for recreational space would cause an unnecessary hardship since the erection of a fence according to the petition would not interfere with vehicular traffic at the adjacent intersection.
- C. **Preserves Rights Conferred by the District.** The shed shall be built and sized within the maximum allowable square footage and the exterior shall match the residential area.

- D. **Necessary for Use of the Property.** Being adjacent to DeWitt Street, the use of a fence within the corner side yard shall allow safe enjoyment of the corner side yard area without constant supervision of minors.
- E. **Consistency with the Local Area and Comprehensive Plan.** Granting this variance is consistent with the principles provided in the Comprehensive Plan. The use shall stay residential and vision safety within the adjacent intersection shall be maintained.
- F. **Minimum Variance Recommended.** The petitioner has requested a variance consistent with other corner side yards considered previously within other village residential subdivision, leaving 10 feet from the side yard boundary.
- G. .

**Section 3.** Description of the Property. The property is located at 170 West First Street in the Village of Coal City within an RS-2 District.

**Section 4.** Public Hearing. A public hearing was advertised on September 20, 2017 in the Coal City Courant and held by the Planning and Zoning Board on October 2, 2017, at which time a majority of the Planning and Zoning Board members recommended passage of the Variance to the Board of Trustees.

**Section 5.** Variations. The variations requested in the September 11, 2017 Variance Application to the Zoning Code are granted as follows:

- A. A variance in conjunction with Section 156.171(a)(2) is hereby granted to allow the 6-ft. high fence as described by the applicant, to be installed within the corner side yard. Providing a minimum 8-foot setback (a variance of 17 feet).

**Section 6.** Conditions. The variances granted herein are contingent and subject to the following conditions:

- A. The fence shall be constructed in a manner consistent with the presentation to the Planning & Zoning Board and the Board of Trustees.

**Section 7.** Severability. In the event a court of competent jurisdiction finds this ordinance or any provision hereof to be invalid or unenforceable as applied, such finding shall not affect the validity of the remaining provisions of this ordinance and the application thereof to the greatest extent permitted by law.

**AN ORDINANCE GRANTING A VARIANCE TO THE ZONING CODE FOR THE LOCATION OF A  
FENCE WITHIN THE CORNER SIDE YARD OF 170 WEST FIRST STREET IN THE VILLAGE OF  
COAL CITY**

---

**Section 8.**     Repeal and Savings Clause. All ordinances or parts of ordinances in conflict herewith are hereby repealed; provided, however, that nothing herein contained shall affect any rights, actions, or causes of action which shall have accrued to the Village of Coal City prior to the effective date of this ordinance.

**Section 9.**     Effectiveness. This ordinance shall be in full force and effect from and after passage, approval and publication in pamphlet form as provided by law.
