

PRESS RELEASE

Spring Road Closure

03/12/2024 – 03/18/2024

Weather permitting, starting on Tuesday, March 12, 2024 thru Monday, March 18, 2024 Spring Road between Broadway and the UP RR will be closed from 8 AM - 5 PM daily. Work has not been planned during the weekend. The road will remain open for school buses, garbage trucks, and any emergency vehicles that need to access the area. Access to the driveway entrances will be maintained in the area throughout the work day. There will be times when driveways, especially on the north side of Spring Road, will be blocked periodically but the affected resident will be notified by the contractor prior to blocking the driveway so vehicles can be moved. Any through traffic will need to reroute either down to Reed Road and up Berta Road or up to Route 113 and down Berta Road to avoid the area. 3 “Road Closure” signs will be placed at the Spring Road and Berta Road intersection and at the Spring Road and Broadway Road intersection to divert traffic around the work area. The road will be re-opened at the end of the work day to allow traffic through. We appreciate your patience during this construction process.
